Mr. & Mrs. Martin Guffey
Martin Septic Service, Inc.
2308 Tropicaire Boulevard
North Port, FL 34286

Dear Martin & Cynthia:

With the June 30 close of our fiscal year, I am once again reminded of the tremendous contribution your organization continues to provide to Habitat for Humanity South Sarasota County.

Donors touch us in various ways and we are exceedingly grateful for support from all means. But the faithful support provided by your *in-kind gifts* and *professional courtesy discounts* day-in and day-out deserve a personal letter of appreciation.

Every hour of donated service, every landscape, appraisal, green certification, HVAC service, building supply or material, every septic, roofing, gift cards, appliances... and *all* miscellaneous gifts of time and talent are the wheels that make this engine known as Habitat for Humanity turn.

On behalf of my entire staff, Board of Directors and our partner families, I would like to take this opportunity to acknowledge your gifts and to sincerely express our deep gratitude. Without such support, it would be impossible for this affiliate to continue providing the opportunity for low-income, qualified families to own their own home.

Gratefully yours,

Dee Danmeyer
Executive Director

Thank you!
